Memorial Day

From the Principal

Washington Trip

We had a successful reboot of our Washington Trip this April vacation. The senior class was invited to attend and 109 students spent a week in the New York and DC areas. Highlights included an evening of dessert at Ellen's Stardust Diner where Broadway wannabees sing and sling food, a show at the Kennedy Center and a wet and wild day at 6 Flags America. Juniors will be leaving on a similar trip in June.

Graduation Dates and Plans

June 4th Prom (Gym, 7:30-11:00 PM)
June 6th March through Town (Camden, 5:30 PM)
June 6th Baccalaureate (Congregational Church, 6:30 PM)
June 7th Senior Voices (Gym and Strom, 6:30 PM)
June 8th Zenith Graduation (Central Office, 10-noon)
June 8th Senior Movie Night (Palmer Field, 8-10:30 PM)
June 10th Senior/Parent Breakfast (Café, 8:45-9:30 AM)
June 10th Graduation (Palmer Field, 6:00 PM)

The graduation ceremony will be outside again, weather permitting. We will move the ceremony inside the Gym if the weather is not appropriate.

Final NEASC Update

We received from the NEASC Commission of Public Schools our official reaccreditation letter. The school will be fully accredited for the next ten years. That puts the next visit well past my planned retirement age!

Teacher Appreciation Week

This is teacher appreciation week. Once again, I feel blessed to work with such a wonderful group of educators. This community is lucky to have such a dedicated, hard-working, and caring staff working with their children. If you see a teacher this week, please join me in thanking them for their work.

Best,

Principal Carlson

**Presidential Award for Excellence in Mathematics and Science Teaching
Maine's 2021 Finalist**
CONGRATULATIONS Lora Levenseler!

The Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST) are the highest honors bestowed by the United States government specifically for K-12 science, technology, engineering, mathematics, and/or computer science teaching. The Awards were established by Congress in 1983. The President may recognize up to 108 exemplary teachers each year.

Awards are given to science, technology, engineering, mathematics, and/or computer science teachers from each of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Department of Defense Education Activity schools, or the U.S. territories as a group (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and U.S. Virgin Islands).

The award recognizes those teachers who have both deep content knowledge of the subjects they teach and the ability to motivate and enable students to be successful in those areas. Since the program's inception, more than 5,200 teachers have been recognized for their contributions in the classroom and to their profession.

Awardees reflect the expertise and dedication of the nation's teaching corps and they demonstrate the positive impact of excellent teachers on student achievement. The National Science Foundation administers PAEMST on behalf of The White House Office of Science and Technology Policy.

Nominated teachers present evidence of their teaching skills, including videos of their classrooms, curricula and assessment documents, and a personal evaluation and reflection of their practice. Based on a thorough review of that evidence, up to three state-level finalists are forwarded to a national selection committee composed of K-12 teachers, administrators, university professors, and STEM education researchers. That committee reviews the evidence again to select one national-level awardee for each state.

Lora is currently one of the Maine state-level finalists for this award; national awardees have not yet been announced. **Congratulations, Lora!**

CHRHS Windplanners Visit the Maine Statehouse

On April 13th, 13 Windplanner students, our schools sustainability team, headed to Augusta to meet with legislators and network with students from schools across the state on current legislation that is important to a sustainable future. One of the group's priorities was to be able to voice the importance of taking immediate action to reduce the burden their generation will carry for climate change impacts. It was also a chance to connect with Wabanaki youth leaders who are actively working to advance some critically important issues of tribal sovereignty and access to clean water.

The day started with a press conference where we heard from youth across the state talking about bills in active legislation of importance to them. These bills included supporting climate education in schools across the state, supporting lower energy costs through upgrades to the energy grid so renewables can flow more easily and several other bills.

Next, students ventured into the statehouse to talk to our representatives about these bills. They observed the legislature in action and thanks, to Representative Vickie Doudera, they were acknowledged with a standing ovation from all the legislators. They mingled in the "lobby" with other people representing interests and called legislators out to talk. It was an experiential opportunity to participate in the way our democratic system works.

Students spoke to Senator Dave Miramant and former candidate for Governor, Betsy Sweet, about a variety of topics, including information about how laws really happen in the statehouse. Students were given some key tips on how to approach and talk with legislators.

A meeting with Representative Bill Pluecker allowed us to talk about several environmental issues including the current work to understand and remedy the PFAS pollution that has troubled many farms. He helped arrange a meeting with Governor Janet Mills. We were joined at that meeting by many of our local representatives, Rep. Doudera, Rep. Pluecker, Rep. Ann Matlack, and Rep. Stanely Zeigler. Governor Mills didn't accept questions but was eager to share innovations happening in the energy sector and key projects that she feels are key to the health of Maine's economy and climate.

The Windplanners team returned excited to have been involved with democracy in action and knowing they can be a part of the direction Maine goes in the future.

Windplanners have many projects underway that are all focused on helping CHRHS move to a greater place of sustainability.

Visual & Performing Arts Department

Congratulations to the Visual & Performing Arts Department's Student of the Month of April (#1)

Noelle Delano

Noelle has been involved in a myriad of musical and artistic activities at Camden Hills Regional HS. However, her musical career started at a very young age in the living room "as my dad played the piano and I was just an infant, learning to crawl and dancing on the carpet. As I grew older, I would sing with my dad while he played piano." Noelle continued her singing activities at a young age: singing in the morning at The Pen Bay Christian School and later, singing the National Anthem in middle school with Audrey Leavitt '22.

At CHRHS, Noelle has been a leading member in Chorale, Treble Choir and Chamber Singers. She is a versatile musician – able to sing both Alto and Soprano parts. She has been accepted into the MMEA District III Honor Music Festivals since 5th grade, and has been an MMEA All State Singer for two years in a row. After school, she sings with the student-led ensemble, Fortissima. Recently she wowed the crowd at the National Honor Society Talent Show, singing with Grace Yanz '23 in a performance of "Glitter in the Air" by Pink.

Noelle has also been involved in theatrical activities at CHRHS. She has taken theater classes and was involved in the fall musical: *Anything Goes* during her freshman year.

Not only a musician, but also an artist, Noelle has participated in a variety of art classes at CHRHS including Printmaking and Drawing. She loves to paint and write poetry and hopes to continue many artistic pursuits following high school. After a gap year, she plans to attend college to study Elementary Education or Online Marketing. She knows that drawing, painting, and singing will always be a part of her life, as those are her passions.

Noelle has the following words of advice for any student considering classes in the arts:

If you are passionate about music, this is the place in the school to be for obvious reasons. Not only is it a place to continue studying music and better yourself by doing so but also to meet peers who have those same shared hobbies. And to those who may feel like they aren't as experienced, just know that we all start somewhere. And this wing of the school is the only place in the whole building where I have not once ever felt judged. You will be surrounded by teachers and peers who are all so accepting. I encourage you to start and continue to pursue the arts. You can, like myself, start off reserved and become a very friendly and content person because those are the kinds of people you will mostly encounter in the arts at this school. I will miss the music wing and the people in it most when I graduate.

**Congratulations to the Visual & Performing Arts Department's
Student of the Month of April (#2)
Adrian Pierce**

Adrian has always loved the arts. He's a dancer and teacher at Kinetic Energy Alive Dance Center, as well as a member of the band and jazz band. For him, these are not just classes during a school day or another thing he's going to after school, they are creative outlets that allow him to be his most expressive self and truly feel connected with happiness. Adrian's love for the arts goes beyond the art form itself, and into the relationships and connections it builds.

Adrian describes dance as one of the most beautiful ways to express emotion and feeling, and is an art form that allows you to connect with the viewer through movement. Adrian has had the amazing influence of his mom, Kea Tesseyman, and has danced side-by-side with her for many years.

Adrian has traveled to New York City numerous times to attend workshops at top dance studios, including The Alvin Ailey American Dance Theater, and has been privileged to

learn from prestigious teachers. In 2016, Adrian attended a teacher-training program at Broadway Dance Center, and has been teaching hip-hop ever since. In September 2021, he performed with Kinetic Energy Alive Dance Company at the Harlem Dance Festival where the company was honored for their dance influence in Maine. Adrian has also traveled with the band and jazz band to UNH Jazz Festival and to Portland to play pep band for the Maine Celtics. Adrian was able to embrace these opportunities to learn, grow, and develop his art in all forms.

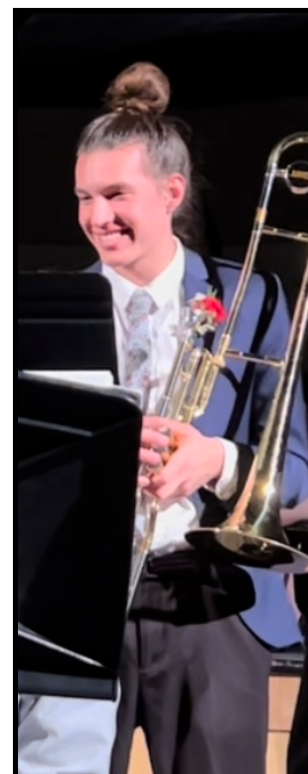

Adrian started to play tuba in 5th grade and has been involved in the high school band program for all four years at CHRHS. In his first two years of high school he was a member of the school's chorale, in junior year he joined the jazz band and picked up the valve trombone which he is excelling at, and enjoying very much! (You can tell by the way he boogies to the music whenever we play a tune). His energy and charisma adds so much to the bands, and continues to impact his peers in such a positive way.

Adrian's experience with the arts has allowed him access to situations that broaden his view of not just art, but life itself. In Adrian's free time, he also surfs, snowboards, shreds some spike ball, always loves to hike and just be in nature; he's involved in the Interact Community Service Club, the National Honor Society, and the Camden Hills soccer and baseball teams. Adrian was also recently recognized for his

involvement and positive impacts on the school and community by being awarded the Student Principals Award. Adrian is very excited for the next steps of his journey, but will always value the lessons he learned and relationships he built during high school. He plans to keep on dancing.

Adrian's advice to younger students is:

"Art is a way for us to connect deeply with a message or a feeling we really want to share and feel is important. No matter who you are, we all have something to share. So share it! The arts in any capacity are an amazing way to do that, and we are so lucky to have such an amazing staff that provides the best opportunities for us to do this during our busy school days! Even if you aren't sure about being a part of the arts here at CHRHS, doing it is the only way for sure to know if you connect with the arts or not, and I bet that you do. That's because every single person holds great passion for something in their lives, and art is like a one way ticket to letting that passion out and opening up to your true emotions. There's something to be said about the feeling that runs through a group of performers, everyone can feel it, and it is just pure happiness and unmatched support for one another. You can take my word that you will absolutely love being a part of the arts programs here at CHILLS!"

Advanced Drawing & Painting

Carolyn Brown, Teacher

We've been exploring a variety of ways of expressive and descriptive drawing, using larger-than-usual paper and different media. Students drew with twigs dipped in ink as a way to change up line quality and gain sensitivity to mark-making in rhythmic patterns. After that, we moved to drawing with brushes taped to long sticks working from observation and imagination. The students embraced the awkwardness of the method, to get away from typical "tight" small drawing, and to focus on seeing and depicting space and form.

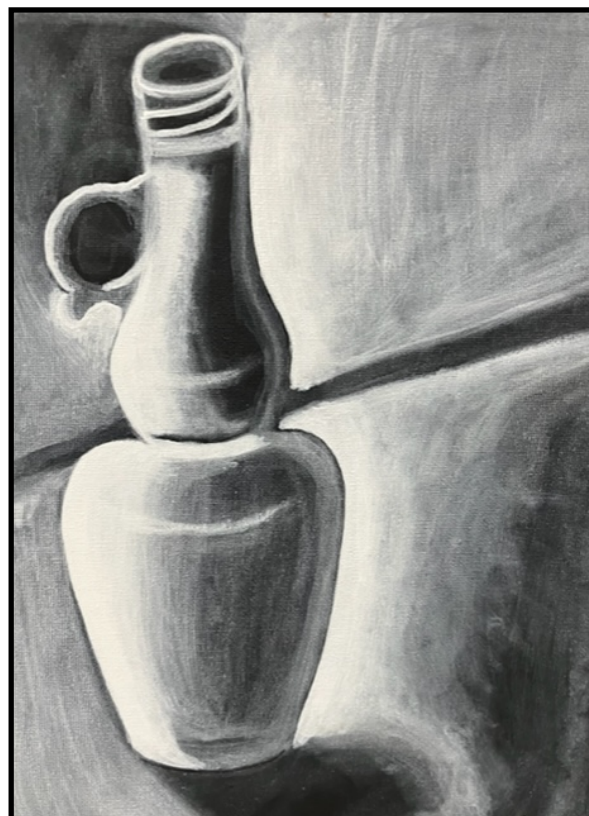

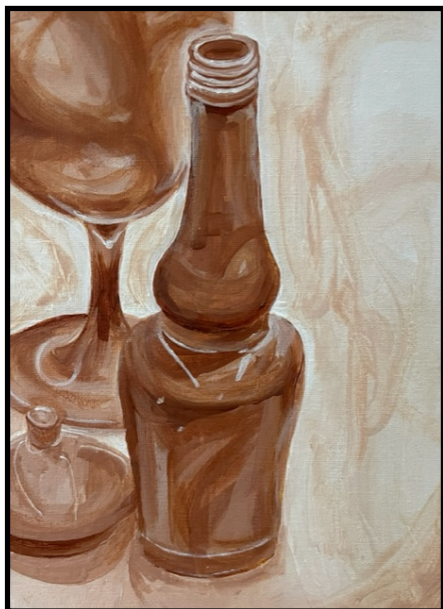

Work by Liliana Palise '23 & Lute Campbell '23

PAINTING

Kirsten Campbell, Teacher

Featured artists-clockwise top 1/2: Lindsey Clifford '25, Jaden Johnson '24, Hannah Chabot '24, Alissa Dzhassim '23, Kiera Kay '25, and Althea Lanphere '23.

SAY SOMETHING

Big Art, Kirsten Campbell,
Teacher

As artists in Big Art, students used their creative platforms to speak to a multitude of issues in which they felt a personal connection.

Employing relief printmaking methods, the use of specific colors, text, symbols and installations, students created unique art pieces to raise awareness!

Polar Bears-Lucy O'Brien '25

Congratulations to the Visual & Performing Arts Department's Student of the Month of May (#1)

Brian Bland

Brian is wrapping up his high school career with enthusiasm and flair. His passion for the arts is matched only by his compassion for his friends. Brian has been heavily involved with the musicals all 4 years, culminating in his wonderful scenic designs for CHRHS's 2021 production of *Monty Python's Spamalot: School Edition!* For this production, he also joined the cast as a dance leader in several ensemble numbers and one duet. In the theater, he is a role model for younger students. He can often be found helping to build scenery, hang and focus lights, or train his peers to use the rigging and curtains on the stage.

As a dedicated member of the Strom Auditorium's Event Staff, Brian demonstrates both knowledge and professionalism when working with outside organizations. He is responsive to the needs of others and quick to react when asked for assistance. He has served as the Vice President of this group, and most recently, as a dedicated member of the marketing committee, designing and implementing a beautiful bulletin board to advertise productions.

In addition to his robust theater career, Brian has been a dedicated dancer since he was 4 years old! In 2013 he joined Studio Red and in less than a year he became a member of their competitive dance team. In addition to utilizing his dance skills on the stage in the musicals, Brian has performed in countless dance shows, including two performances at Disney World and one performance at Hershey Park.

In addition to all of his co-curricular activities, Brian is a conscientious student, maintaining high grades in his core classes and excelling in his work at Mid-Coast School of Technology. This year he competed in the USA skills competition, receiving a bronze medal in technical math.

Brian spends his free time helping in the library, working with SLACers and PALS, and is also the President of the Mid-Coast Leo's Club. Overall, Brian Bland is a well-rounded, driven, and overwhelmingly kind young man, ready to take on the world after he graduates and heads off to Kennebec Valley Community College.

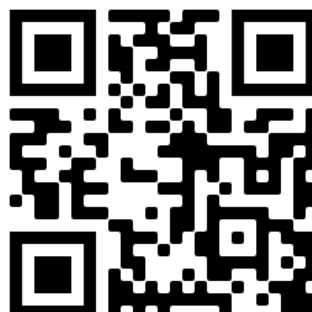

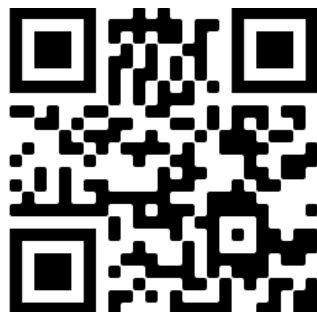

Congratulations to the Visual & Performing Arts Department's Student of the Month of May (#2)

Lucas Marriner-Ward

Marriner-Ward is a gifted musician. He has been an integral member and leader of the Bass section in the CHRHS Chamber Singers and Chorale for all four years of his high school tenure. Lucas can be counted on to learn a part and be a solid musical leader. His bass voice is resonant and commanding. Perhaps that is why he played the role of "The Voice of God" in this year's CHRHS production of *Monty Python's Spamalot: School Edition!* In addition to his ensemble work at CHRHS, Lucas has been a member of the MMEA District III Honor Choir and the MMEA All State Honor Choir, each year since middle school. This year, he garnered the top score for Bass in the State of Maine!

In addition to singing, Lucas is a talented piano player who has been playing piano since he was very young. He has studied with a variety of mentors, however his best teacher has been his own musical ear and sensitive intuition. Lucas has the ability to listen to music, play it at the piano, and then improvise upon it. He has entertained audiences at the high school and throughout the surrounding community. When he is not working at Reny's, Lucas is playing music, creating music, and living music. Perhaps the best way to describe Lucas is to listen to his work. Click on the QR codes to hear some of his recent performances!

Congratulations to Lucas Marriner-Ward! We look forward to hearing more of your music in the years to come!

Camden Hills Drama & Theater Production
Presents
Ken Ludwig's
Lend Me A Tenor

Camden Hills Drama & Theater Production presents *Lend Me A Tenor* by Ken Ludwig as our spring production! We are excited to be working on such a hilarious play, as well as bringing back our popular dinner theater-style show.

A brief synopsis of the play: It is the biggest night in the history of the Cleveland Grand Opera Company, but by the time the curtain falls, something has gone wrong. World-renowned tenor Tito Merelli has signed on to play Pagliacci at The Cleveland Grand Opera Company in the fall of 1934. He arrives late and, through a set of crazy circumstances, passes out after mixing wine with a huge dose of tranquilizers. The chaos that ensues sets off a hilarious chain of events, one that involves mistaken identities, hotel room shenanigans, and a few confused company members.

Production Dates: May 12th through 14th at 6pm, as well as a 1:00pm matinee on Saturday the 14th. Tickets are \$25 per person for the evening performance, this includes a dinner (more details on that below!) and \$10 per person for the matinee.

Performances starting at 6:00pm include a 3-course dinner with options depending on dietary restrictions. This will be made by our foodservice staff here at CHRHS and served by our tech crew during the show! The options will be selected during checkout.

This show deals with some adult topics; parents of young children should be advised. Topics include drug use, sexual content, and mature themes.

Please contact oliver.worner22@fivetowns.net if you have questions.

Tickets are available at bit.ly/tenortix

"Ken Ludwig's *Lend Me a Tenor*" is presented by arrangement with Concord Theatricals on behalf of Samuel French, Inc. www.concordtheatricals.com

CHRS Presents A Spring Choral Concert

Tuesday, May 17th @ 7pm - Strom Auditorium

The **Camden Hills Regional HS Chorale, Chamber Singers** and **Treble Choir** will present their **Spring Choral Concert on Tuesday, May 17th at 7:00 PM in the Strom Auditorium.**

The ensembles, directed by Kimberly Murphy and accompanied by Matthew Mainster, will perform a variety of selections, featuring many soloists and guest artists. Of special note will be Bangor Symphony Orchestra percussionist **Nancy Rowe** accompanying the Treble Choir on xylophone in their performance of Mark Patterson's "Edges of the Night" - a song that highlights the plight of refugees. Ms. Rowe will also play the djembe to accompany two selections by the Chorale and Chamber Singers. A guest string quartet: **Sarah Glenn** (violin), **Heidi Karod** (violin), **Linda Vaillancourt** (viola) and **April Reed-Cox** (cello) will accompany the Chamber Singers' performance of "Deep Peace" written by Elaine Hagenberg and Ola Gjeilo's "The Ground." Both selections incorporate the theme of peace, with Ola Gjeilo's composition ending with the lyrics "Dona Nobis Pacem" (grant us peace).

Additional themes concurrent in many of the selections are that of youth and hope through music. Young singers in grades 3 – 8 will join the high school Chorale in a stirring rendition of "Rise Up" – a song made popular by Andra Day. The performance will feature many soloists including **Sara Ackley, Alyssa Lewis, Lenigha White, Noelle Delano** and young singers **Rowan McWilliams** and **Nathan Gomez**. The string quartet will return to accompany the Treble Choir in a selection which highlights the beauty and hope of music in "Always Something Sings." With text by Ralph Waldo Emerson and music by Dan Forrest, this selection also highlights guest singer, **Lydia Day**. The theme of hope for our youth continues with the Kyle Pederson composition of "Remember the Children." This song will feature four soloists: **Audrey Leavitt, Aly Shook, Lucas Marriner-Ward** and **Daniel McGregor**.

Seniors Audrey Leavitt and Aly Shook will return to the stage as they lead the student a cappella ensemble, **Fortissima** in three selections. This extra-curricular student-led ensemble has been rejuvenated under their direction and is flourishing in dedication and musicality. Of special note will be a Fortissima performance of Tom Petty's "Wildflowers," arranged by Junior, **Grace Yanz**.

Throughout the evening many soloists will be featured, including **Iselin Bratz, Nora Finck, Joshua Kohlstrom, Abigail Kohlstrom, Trey Freeman, Grace Yanz, Jocelyn Serrie, Charlotte Thackeray, Charlotte Nelson, Sophie Ryan, George Bickham, Maren Kinney, Alyssa Bland, Isabella Kinney**, and flautist **Cabot Adams**.

During this joyful concert student achievements in the MMEA District III and All State festivals will be recognized, along with a tribute to our outstanding senior musicians.

The concert is free to the public. At this time, masks are optional. For more information, contact director Kimberly Murphy at kim.murphy@fivetowns.net **See you at the show!**

Visiting Eco-Artist Kim Bernard

Rockland artist **Kim Bernard** brought her **PopUpCycler** to school for 2 days to work with art students in several art classes, and from the Hatchery.

Ms. Brown's Jewelry classes, Ms. Campbell's Advanced Art Portfolio class and others, learned about the origin of plastics, how they are made, recycled, and how artists are using reclaimed materials in their work.

Kim showed students how to use her custom-built Plastic Upcycler to grind up #2 plastic, then heat and extrude it into shapes to use for sculptural work. The plastic can be reused indefinitely. The classes collaborated on a mural for the bus loop stairwell, and for now it's installed in a window on the top floor. Thanks to Kim Bernard and the Bisbee Fund for supporting the Visiting Artists program at CHRHS.

MAY 2022

ESVM LIBRARY

NEWS

Tee Shirt Design Contest!

The Student Library Advisory Committee (SLACers) are sponsoring a tee shirt design contest in honor of Pride Month. Last year's CHILLs Pride shirt was so popular that we decided to offer that design PLUS a brand new design by a CHILLs artist.

Our friends at Adventure Advertising will create an online store for easy ordering, so you can order one or both designs!

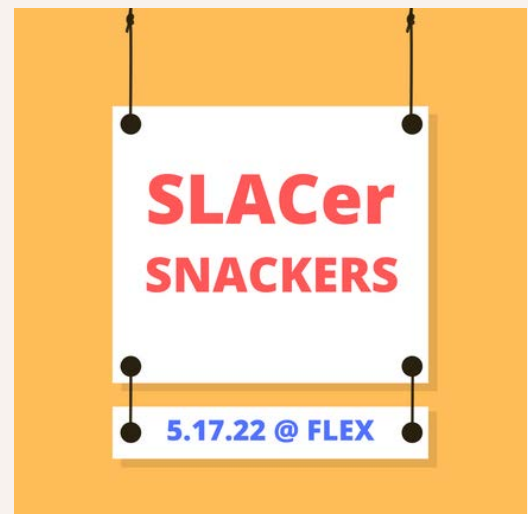

Designs are due by May 10th so the SLACers can determine their favorite. The winning designer gets a \$25 gift certificate to Rockport Blueprint! Details and design specifications can be found on posters around school and the library!

Email Mrs. Eichenlaub with questions: iris.eichenlaub@fivetowns.net

DO YOU HAVE GREAT IDEAS?

The SLACers want YOU to come join us for some snacks during Flextime on May 17th! If you have great ideas for our fabulous ESVM Library, we'd love for you to come meet some current members of this group. Food-friendly flooring? Student idea. Therapy dog visits? Student idea! FitDesk? Student idea! Blind Date with a Book? Student idea!!! Destress activities in the library? Student idea! Sticker mural? Student idea!!!

Can't wait to see you on May 17th!

Diverse Perspectives Book Club

Students, staff, and librarians meet and discuss books on a theme. This month's theme is "Interactive Books to Choose Your Own Reading Adventure." Like the old Choose Your Own Adventure books of the 1980s, these books allow the reader to take the reins! You can read one or both books—we have a fiction and nonfiction choice.

May 19th by Zoom at 6:30pm.

Email for more info: iris.eichenlaub@fivetowns.net

Follow the ESVM Library news as it happens

@ESVM_library @ESVMbookclub

@ESVMlibrary

Beautiful decorations in the ESVM Library by members of the SLACers and Mrs. Chamberlin!

Congratulations, Mrs. Eichenlaub!

She's the 2022 Walter J. Taranko School Librarian of the Year!

Amanda Kozaka (right), of the Maine Association of School Libraries, presented the award to Mrs. Eichenlaub at an assembly on April 27th. The award honors a certified librarian who has "made a significant contribution to the school librarian profession on the local and/or state levels."

Mrs. Forster nominated Mrs. Eichenlaub for the award and Mrs. Chamberlin assisted with the nomination video. This special video featured interviews with staff, students, an alumna, and an administrator.

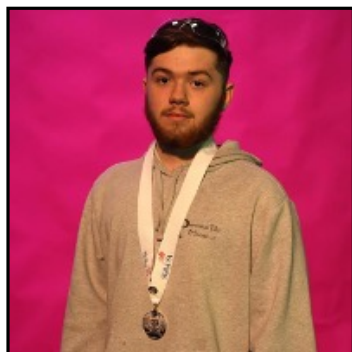

PIPS THE THERAPY DOG GETS THE AWARD FOR MOST SNUGGLY AND EFFECTIVE STRESS-RELIEVER!

Joseph Morse, Carpentry
Enzo Rusillo, Design Technology
Adelaide Kelly, Outdoor Leadership
Samuel Brownawell, Emergency Medical Technician
Alyson Shook, Emergency Medical Technician
Julia Benson, Emergency Medical Technician
Margaret Gleasner, Certified Nurses Aid
Emily Snyder, Career Exploration
Alivia Kurr, Career Exploration

Induction Ceremony will be held on Thursday, May 12, 2022 . 6 PM location TBD

SPRING IS HERE!

CHRHS's Annual Plant Sale!

Margo Murphy & Sarah Mismash, Teachers, Horticulture & Gardening

Even though it has been a cold, wet season, spring is springing! We have had a few issues with heat in the greenhouse but students have been hard at work and plants will be ready for the sale.

We will have lots of vegetable and herb seedlings, as well as, a variety of annuals and perennials. New this year will be a selection of house plants grown and donated by the horticulture program at the Maine state prison. In addition to plants we have bags of compost for sale. Each bag is about 40lbs of high quality, organic compost and will sell for \$6 each.

The sale takes place Saturday, May 14 from 8am –1 pm and on Sunday, May 15 from 9am to 12 noon at the greenhouse on campus.

The greenhouse is located in back near the loading dock area of the school. All containers are \$3 each. Buy 3 and get a 4th container for free. On Sunday everything is buy one, get one free from 9-11 and the last hour everything is \$1.

All proceeds support the Horticulture/ Gardening & Sustainability programs at CHRHS!!

We hope to see you there!
