Student-Faculty Book Club SUCCESS!

Diverse Perspectives
Book Club

This year, we tried something new: a book club! The group was open to everyone and a place for great dialogue about contemporary issues, through books. The concept was choice-based from start to finish: the group chose a contemporary theme, selected two or more titles on that theme, and readers had the choice to read one or both books. Our group included students from Islesboro, the youth services librarian from Camden Public Library, and students and staff from CHRS. We will be continuing next year and looking for new participants!

THANK YOU ROCKPORT AND CAMDEN PUBLIC LIBRARIES

Our partnership with Camden and Rockport Public Libraries continued this year! Monday through Wednesdays, the CHRS Library stayed open until 4:30, thanks to staffing by public librarians. Our students appreciate having a quiet place to study!

863 students stayed late!
