Interlibrary Loan Books We Borrow From Other Libraries

## INTERLIBRARY LOAN:

## What's behind the statistics?

We borrow books for students and faculty using the statewide interlibrary loan system. We have seen an overall increase since 2015 when we started this service. Lower numbers this year may indicate that users are able to find what they need in our collection - - which would be good news!

## DIVERSE PERSPECTIVES BOOK CLUB

Open to students and staff, this is a new initiative that we started in October. Participants choose our theme each month, and there are two books that relate to each theme (you can opt to read one or both). Race and police brutality, and sexual consent are the themes we have read so far. Discussions are very rich as we explore these contemporary topics together.
