## COVID-19 School Profile Addendum

### Grading

In the spring of 2020, CHRHS ceased in-person instruction on March 13<sup>th</sup> due to COVID-19. While a robust virtual structure around remote learning in conjunction with our “Remote Snow Day” program had already been developed, making our transition to remote learning instantaneous, we recognized that remote learning is not equivalent to in-person instruction. To this, we decided that because our 3<sup>rd</sup> quarter was mostly completed at the time of this transition, we encapsulated 1<sup>st</sup> semester and 3<sup>rd</sup> quarter into a grading period that resembled our traditional grading structure for an academic year. The modification made in order to compensate for the extraordinary set of circumstances that COVID-19 presented at that time, was to create a standalone 4<sup>th</sup> quarter, represented on our transcript as “19-20 Camden Hills Remote Learning”. This standalone grading period was completely remote, with a grade range of “P” for pass or “F” for fail. All classes carried a .25 credit value regardless if they were originally a yearlong class or semester based. Because these classes were pass / fail in value, they were not factored into a student’s GPA.
